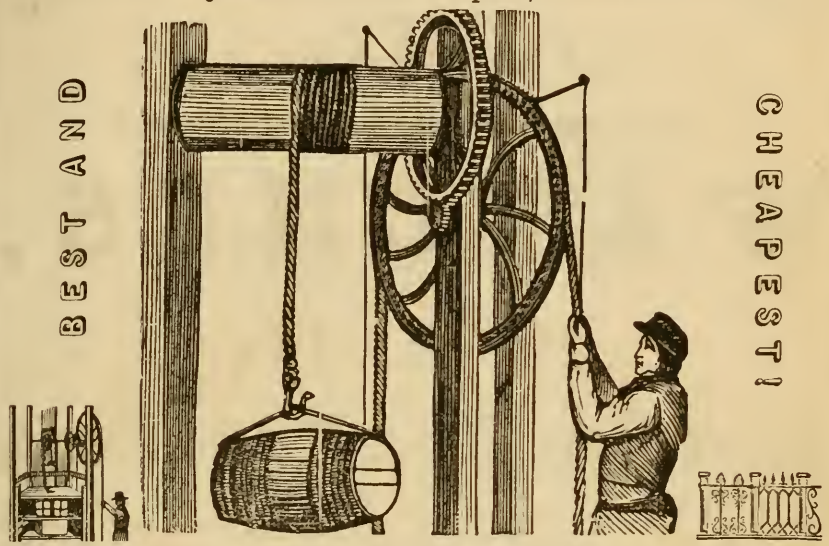
## On Strictly Scientific Principles, for Warehouses.

BEST AND CHEAPEST!



The Subscriber having been engaged in this business for the last twelve years, in connection with his Iron Foundry, will guarantee a better Hoisting Machine for less money than can be produced in this city. Every Merchant and owner of a warehouse will save the expense in a short time, to say nothing of the safety of his goods in being hoisted some sixty or eighty feet above his head I would refer to some of the principal merchants in Baltimore and elsewhere, for whom I have put up these Hoisting Machines. The wheels are in use, and can be seen daily at work.

**Certificate of Excellence from THALBERG, GOTTSCHALK, SATTER, STRAKOSCH, MUZIO, ANSCHUTZ, and other Leading Artists.**

*From among the numerous* TESTIMONIALS *in our possession we select the following:*

Messrs. WM. KNABE & CO.,—*Gentlemen:* I have great pleasure in certifying that I have tried your Square Pianos and find them equal, if not superior, to any in this country. Among the great qualities which distinguish them, is the evenness of tone, the easy and agreeable touch and volume of tone. Wishing you all the success which you so highly deserve, I am, sirs,

Yours, very truly,

S. THALBERG.

TRANSLATED FROM THE FRENCH.

After having played on the Piano of Messrs. KNABE & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities of TONE. The Bass is powerful, without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystalin) and I do not hesitate to express, in regard to these instruments, my entire satisfaction, and to declare that they are equal, if not superior, to the best manufactured in Europe or in this country by the most celebrated makers.

This Seminary of Learning, instituted for the liberal education of Young Ladies, was created a College proper by the Legislature of Maryland, December session, 1849, with authority to confer degrees, and endowed with all the rights and privileges of the most favored female institutions. There are two departments of instruction in the College—the PREPARATORY DEPARTMENT and the COLLEGIATE DEPARTMENT, with their appropriate branches of learning. The course of study in the former is three years, designated by as many different classes; in the latter it is four years with four regular classes.

### COURSE OF INSTRUCTION.

The course of instruction is as extensive as in most Colleges for gentlemen, and is intended to develop the intellectual, social and moral faculties; and by imparting a thorough, practical, accomplished and Christian education, fit the pupil for the faithful discharge of the responsible duties that await her in life.

The College is situated on St. Paul street, in a retired yet pleasant part of the city near the centre, and has cost in the aggregate for its grounds, buildings, apparatus, furniture and appointments about $50,000. The buildings have been arranged with great judgment, and have study and recitation rooms separate, with every convenience for boarding and day pupils. The accommodations are ample for two hundred and fifty pupils, and one hundred boarders. There is a fine library of over 3,000 volumes, to which the pupils have access, comprising works on antiquities, ancient and modern history, biography, science, voyages, travels, criticism, poetry, the fine arts, and general literature. There is also a valuable chemical and philosophical apparatus, cabinets of minerals, gems, coins and medals, with models, globes, maps and other ample means of illustration in the different branches of study.

At the last session of the Legislature of Maryland the College received an annual endowment of $2,200 for the establishment of free scholarships, upon which one pupil from each County in the State and from the City of Baltimore, without charge for tuition or books, is instructed in all the branches taught in the College.

### FACULTY OF INSTRUCTION.

## P. LENFIELD PERKINS,

# PHOTOGRAPHIC GALLERIES

Nos. 205 & 207 Baltimore St.

BALTIMORE.

The long experience of twenty-one years, connected with all the appliances necessary to the art of Photography, and giving it his continued personal attention, together with the employment of none but those who are well skilled in the art for assistants, make the reputation of these Galleries rank among the best in this country for turning out good work. We find hundreds of persons who have sit at other places and in other cities, who have never succeeded in obtaining a good representation, who, when they have sit here have been perfectly delighted. Our skylights are so arranged as to give the most delicate shadows and a perfect expression of the eye, without which all works of Art are a blank mass.

We invite all to call and examine our specimens—whether they want pictures or not—as they are assured they will always meet with courtesy and attention.

## LOCK STITCH

This Machine makes the "LOCK STITCH," and ranks highest on account of the elasticity, permanence, beauty and general desirableness of the stitching when done, and the wide range of its application.—*Report of the American Institute, New York.*

The qualities which commend the Wheeler & Wilson Machine are: 1. Beauty and excellence of stitch alike upon both sides of the fabric sewed. 2. Strength, firmness and durability of seam, that will not rip nor ravel, and made with—3. Economy of thread. 4. Its attachments and wide range of application to purposes and materials. 5. Compactness and elegance of model and finish. 6. Simplicity and thoroughness of construction. 7. Speed, ease of operation and management, and quietness of movement.

*From the Swann Premium Committee, Mechanics' Institute, Baltimore.*

The Committee award to the Wheeler & Wilson Sewing Machine, falling, as the Committee think it does, within the description of "the most practical invention adapted to common use, to be estimated with reference to the cheapness and general utility." The Committee had a wide range allowed to them by the laws of the offer of this premium, and have deliberated carefully before coming to their conclusion. There are three machines in the exhibition; and in determining between them, the Committee, guided by the language of the offer, have chosen that which in their opinion is the most likely to come into common use, not only in large establishments, but for the purposes of daily domestic life.

# MAYNARD & NOYES,

# BLACK WRITING INK.

**Manufacture Established 1818.**

The quality of this Ink has been *tested for more than* FORTY *years*. During this time, it has constantly increased in public favor and patronage, and is now the leading article in the country. The proprietors annex a few of many Testimonials received from parties who have *used it for more than a quarter of a century*, and whose opportunity and qualifications for judging correctly of its merits will not be questioned.

REGISTRY OF DEEDS OFFICE, Boston, January 10, 1859.

Messrs. MAYNARD & NOYES, Gentlemen : I am glad that longer use of your Writing Ink enables me to repeat the testimony given in its favor many years ago. I have used it in this office thirty-seven years, *and my oldest records are as legible and black as when first written.* This rare quality for permanence, renders it invaluable for State and County Records and all mercantile purposes, where it is important that the writing should remain legible and unchanged in color by the lapse of time.

HENRY ALLINE, Register of Deeds.

BOWDOIN PUBLIC SCHOOL, Boston, January 7, 1857.

Messrs. MAYNARD & NOYES, Gentlemen : I have used your Ink in the Writing Department of this School the past thirty years, and take great pleasure in renewing my testimonial of its superior quality. It flows freely from the pen, its color is brilliant and permanent, and it combines all the necessary and desirable qualities of good Ink.

JAS. ROBINSON, Writing Master.

The following extract of a letter from a well-known and long established Bookseller in Dover, N. H., is like many others often received, and will be found to express the opinion and correspond with the experience of a larger number in the business.

After trying various kinds of Ink, most of my customers come back to yours. I am tired of the miserable compounds offered every little while, pretending to be superior to all other Inks, and will have nothing further to do with them. I have used your Ink on my books over twenty-six years, and my customers can see how it stands against time. Entries made in 1832 are as fresh as those made during the year.

Dover, N. H., October 16, 1858. E. J. LANE.

The following Testimonial from Dr. Chilton, is added as a supplement to any of his previous tests.

From experiments instituted by me, in 1855 and 1856, and repeated within the past six months, I am fully satisfied that Maynard & Noyes' Writing Ink is entitled to the pre-eminence it has always sustained for Legibility and Permanence of color.

New York, May 11, 1858. JAMES R. CHILTON, M. D., Chemist.

The above popular Ink, together with BLUE, RED, CARMINE, and COPYING INK, WRITING FLUID and INK POWDER, is for sale by the principal Booksellers, Stationers, and Paper Dealers in Baltimore.

# PREFACE.

THE Publisher of the Baltimore City Directory presents another volume to his fellow citizens, with the belief that it will be found more correct than any of its predecessors.

After all the anxiety and worry hourly attendant upon the publication, he feels but little inclination, now, to elaborate the different spellings of John Smith, the Reillys, Schaeffers, &c., or to enumerate the interminable difficulties of the force-pump process of procuring and spelling the names, and, afterwards, through the many manipulations they have to pass, of canvassers, compilers, printers, proof-readers, &c., of preserving their spelling. These difficulties are so patent that intelligent persons will certainly be liberal enough towards the publisher, when a mistake is found, even in their own names, to have kindness and forbearance to overlook any error, as he has to bear the responsibility of every careless man employed on the work.

As a Baltimorean, he takes this opportunity of congratulating his fellow citizens on the bright prospects looming up, of Baltimore becoming a still greater commercial centre, now that peace has been so fully established and trade is working its way into its wonted channels.

The continued high price of printing paper, and the great advance in the price of labor and all material used, have compelled us to advance the price of the book.

The Advertising Department has been handsomely gotten up, and in many instances the business of the advertiser has been increased tenfold by this cheap mode of calling the attention, not only of our own citizens, but also of the many strangers visiting the city, to the advantages offered by them; the ready access they have to the work, from its being always before them at all the hotels, public offices, counting rooms, banks, insurance offices, workshops, &c., makes it an invaluable reference in this respect.

☞Attention is particularly called to the list of "Corrections, Additions, Alterations," &c. on the back of the Title page, which have occurred during the publication.

We return our grateful acknowledgments to the uniform courtesy extended to our canvassers, and hope and believe that it has been reciprocated by them in every instance.

The public's obd't serv't,

THE PUBLISHER.

# WOODS'

# STREET DIRECTORY,

INCLUDING

## STREETS, AVENUES, LANES, ALLEYS, COURTS, WHARVES, &C.

IN THE

# CITY OF BALTIMORE.

EXPLANATION.—If you wish to find the location of any house, for instance, 71 N. CHARLES-ST., on consulting the Street Directory, (see CHARLES N.) you will observe 55 is on the N. E. corner of Charles and Saratoga-sts., hence the desired No. 71 will be between Saratoga and Pleasant-sts., right hand. Or, if you are going up Charles-st. and wish to take a cross street so as to call, for example, at 103 Park-st., examine the numbers on the corners of Park-st., (see PARK, Street Directory,) and you will find 95 on the corner of Park and Centre, then by counting four houses you arrive at the desired No. 103, right hand.

Entered, according to Act of Congress, in the year one thousand, eight hundred and sixty-three, by John W. Woods, in the Clerk's office of the District Court of Maryland.

## POST OFFICE.

### Exchange Buildings.

Wm. H. Purnell, Postmaster.
C. J. R. Thorpe, Assist. Postmaster.

The Office is open during the week in Winter from 7½ A. M. to 8 P. M.—Summer from 7 A. M. to 9 P. M. On Sunday from 9 till 10 A. M. Stamps for prepayment of letters can be had at the Post Office.

A Time Table of the Departures of the Steamers from Boston and New York, and Steamers for California, carrying the Mails, is placed in the rotunda of the Post Office.

### RATES OF POSTAGE.

Letters advertised are charged two cents each, besides regular postage. Drop Letters are not advertised. A list of Drop Letters is placed in the rotunda of the Post Office every week.

CIRCULARS.—Three circulars or less, sent for two cents; pre-payment by stamps required.

NEWSPAPERS.—The quarterly postage on regular newspapers, if prepaid, is five cents or a weekly paper; in same proportion if published oftener. Transient newspapers sent anywhere within the United States at two cents, not exceeding four ounces, prepaid by postage stamps; all transient printed matter at like rates.

For postage on other printed matter see table of rates.

When the article to be mailed is a circular, pamphlet or newspaper, it should be so enveloped as to be open at one end—otherwise it will be charged as a letter.

All letters required to be prepaid by stamps. Those not thus prepaid are sent to Dead Letter office.

AUG. G. MEYER & CO., Manufacturers of White Lead, Zinc, Putty, Lampblack, Glue, Neatsfoot Oil, Saltpetre, Paints and Varnishes, 100 W. Lombard Street.

Strangers can rely on Fair Dealings at SMITH BROS. & Co., No. 40 W. Baltimore Street.

## STATION OR BRANCH POST OFFICES

The carriers will visit each Station or Branch Post Office in the city of Baltimore, (under the new carrier system as inaugurated by the Postmaster General, commencing from July 1st, 1863,) three times a day, (Sundays excepted,) commencing at the hours of 7 A. M., 11 A. M., and 2.30 P. M. By this system the letters for the outgoing mails will be brought to the Post Office in time to be sent with the corresponding mails, while the local or drop letters will be promptly delivered (within the city limits) as addressed, as often as three times each day, without charge or additional carriers' stamps as heretofore.

The law requires that all matter to be sent through the mails, or to be delivered within the limits of the city, must be prepaid in United States postage stamps.

Postage to be prepaid on local or drop letters *two* cents each, if within the half ounce in weight; four cents if over, and within the ounce, &c.

Postage to be prepaid on all letters to be sent through the mails to any part of the United States (California included) *three* cents if single rate, six cents if double, &c.

Special care has been taken in the selection of proper localities for the Drop boxes, in order to afford the greatest facilities to each and every section of the city.

A Policy of Life Insurance is the cheapest and safest mode of making a certain provision for one's family.—*Benjamin Franklin.*

A Policy of Life Assurance is always an evidence of prudent forethought; no man with a dependent family is *free from reproach* if not assured.—*Lord Lyndhurst.*

There is nothing in the commercial world which approaches, even remotely, to the security of a well established and prudently managed Life Insurance Company.—*Professor De Morgan.*

Documents showing the benefits of Life Insurance with the advantages of the Mutual Plan, and the superior position and marked success of this Co., and explaining the different kinds of Policies with their methods of Payment, may be obtained, free of expense, upon application, either personally or by mail.
